

THE MARK V TCPS IS HERE TO STAY.

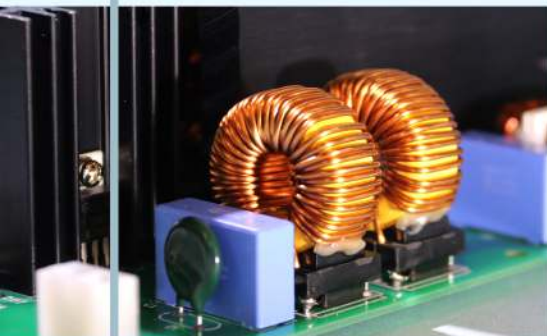

Does the OEM's high failure rate
have you "down"?

GTC OFFERS THE GTC-TCPS-2

Load and aging components contribute to the deterioration, and eventual failure, of the TCPS.

Advantages of the GTC-TCPS-2 include high-quality industrial-grade components, extended 36-month warranty and no annoying "end-of-life" letter.

*Identical Form, Fit and
(better) Function*

*70 kHz vs 17 kHz
(lower audible noise)*

*196 W vs 70 W
(longer life expectancy)*

*Lower Cost with
Better Warranty*
